

## IEA's Energy Efficiency Market Report 2018

*Featuring Efficient World Scenario 2040 and analysis of Brazil, Mexico and other Leading Emerging Economies*

Date: November 14, 2018

Time: 6:00 PM CEST / 3:00 PM BRST / 11:00 AM CST

Duration: 1 hour

Language: English

Come join us to discuss the most recent findings from [IEA's Energy Efficiency Market Report 2018](#), featuring:

- **The Efficient World Scenario:** What would happen by 2040 if countries realised all the economically viable energy efficiency potential that is available today?
- **The Efficient World Strategy:** The policies, technologies and strategies for achieving an Efficient World exist today. Global experiences point the way.
- **Special focus on Brazil, Mexico** and other emerging economies: highlights, progress, and potential.
- **Findings** on the current rate of progress on improving energy efficiency, and historic and current trends.

The webinar is organised by the Brazilian Ministry of Mines and Energy (MME), Energy Research Office (EPE), Mexican Ministry of Energy (SENER) and the International Energy Agency, and will be presented by **Joe Ritchie, Energy Policy Analyst at the IEA and report coordinator.**
